

**COMPEX™ CMX-F3PM**  
Release Fabric

Ideally suited to flat or single curvature applications.

**FEATURES & BENEFITS**

- Medium porosity PTFE coated glass fabric.
- Ideal for use on flat or single curvature moldings.
- PTFE release coating ensures very easy release from the laminate without fear of contamination.
- High performance material designed for use in extreme temperature and pressure processing conditions.

**PROPERTIES**

Maximum cure temperature	320°C / 608°F
Color	Light brown
Fabric type	Glass
Fabric weight	70g/m <sup>2</sup> / 2.06oz/yd <sup>2</sup>
Release coating	PTFE

**AVAILABILITY**

Standard width	Up to 2m	Up to 78in
Standard length	100m	109yd
	Slit widths available	

**STORAGE**

No special storage conditions required.

**HEALTH & SAFETY**

Please refer to the product MSDS for safe handling, personal protective equipment recommendations and disposal considerations.
