

Ideally suited to infusion applications.

FEATURES & BENEFITS

- FM7 is a good value product designed for use in vacuum assisted resin infusion processes.
- Thanks to this product, the resin flow across the laminate is really fast and allows for a sustainable air evacuation route when used with appropriate bagging materials.
- The product can also be beneficial in debulking applications as it can be used as a reusable breather beneath bagging film to ensure adequate airflow.

PROPERTIES

Maximum use temperature	80°C / 176°F
Color	Green
Fiber	100% polyester
Weight	160g/m ² / 4.72oz/yd ²

AVAILABILITY

Width	1m up to 4m	1.09yd up to 4.37yd
Length	100m (other dimensions available on demand)	109yd
Roll Weight	Up to 16kg	Up to 35lbs

STORAGE

No special storage conditions required.

HEALTH & SAFETY

Please refer to the product MSDS for safe handling, personal protective equipment recommendations and disposal considerations.
