

COMPEX™ ST-AA204
Sealant Tape

Ideally suited to aerospace and automotive applications.

FEATURES & BENEFITS

- Ideal for ambient, oven and autoclave curing temperatures of up to 204°C (400°F).
- Strips very cleanly and quickly from mold surfaces, both hot and cold.
- Good level of tack against all tool surfaces.
- Tenacious adhesion to all commonly used vacuum bagging films.
- Excellent adhesion and “snap back” characteristics against all commonly used bagging films.

PROPERTIES

| | | |
|--------------------------|--------|-------|
| Maximum cure temperature | 204°C | 400°F |
| Color | Yellow | |

AVAILABILITY

| | | |
|-----------------------|--------------------|------------------------|
| Roll size | 9.14m x 12mm x 3mm | 30ft x 0.5in x 0.125in |
| Standard box contents | 32 rolls per box | |

STORAGE

Must be stored in its original containers, below 27°C (81°F).
Material has a 12 month shelf life from date of manufacture.
Must be stored flat.
Boxes should be stacked no more than 5 high.

HEALTH & SAFETY

Please refer to the product MSDS for safe handling, personal protective equipment recommendations and disposal considerations.
